SPECIFICATIONS:

Deeply penetrates, permanently coloring the surface of cured concrete

Creates an uneven mottled appearance common of natural stone

NOTE: Colors shown approximate the final color, after a coat of sealer has been applied. Many factors outside of our control affect the final outcome of the project. Please consider mix ratio, hydration, cement, aggregate, cure time and other factors upon review of the final project. It is recommended to perform a test pour.

A contractor license may be required by your state to use this product. Follow all local, state and federal safety requirements. Extra care must be taken when working with acid base material. Wear proper safety equipment.
