

Screed Level

Bon's Screed Level is a 2 in 1 tool which enables you to level your screed rails and screed your sand with one easy to use tool. Thick walls stand up to constant scratching caused in screeding rough materials. Made from extruded aluminum with a reinforcing rib. High profile weight and "H" style reinforcement for durability.

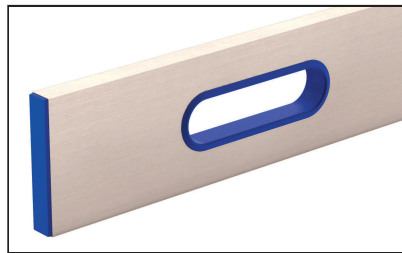

- ▶ *Extruded aluminum with reinforcing rib*
- ▶ *Dual handle grips*
- ▶ *Level and plumb vials for sand screeding and post installation*
- ▶ *Capped ends*
- ▶ *Available in lengths from 4' to 10'*
